

# Student Poster Displays

Let's build a better future for Iowa together

Iowa college students are invited to bring their original research, policy analysis and reporting to be shared and evaluated by experts in the public policy sphere at Policy Wise in Iowa 2023.

The student poster display event is open to all Iowa undergraduate or graduate college students enrolled in any 2- or 4 year institution in Iowa.

Degree programs and areas of study that may be interested in displaying posters include but are not limited to:

Sociology	Health Care	Environmental Science
Social Work	Early Childhood Education	Political Science
Public Health	Nutrition	Public Relations
Public Administration	Gerontology	Women & Gender Studies
Public Policy & Advocacy	Human Development	Rural Policy
Journalism	Economics	Communication Studies
Education	Criminal Justice	Disability Studies
Psychology	Data Science	Law
		Non-Profit Leadership

Posters should answer the question, **“How can we make Iowa better?”** The theme is intentionally broad to invite innovative thinking, creative approaches and bold ideas.

Students are encouraged to adapt projects and work produced as part of their studies or originally created to meet requirements of their classes or degree program. Poster content need not be created fresh for the display. Use what you already have!

Students who participate in the poster display will be given complimentary tickets to the full policy conference event. Displays must be set up by 3:00 p.m.

Posters will be evaluated for feedback and scoring (gold, silver and bronze awards) by a panel of judges from the Iowa public policy community, and awards will be given at the close of the policy conference, 5 to 7 pm on Thursday, November 16, 2023.
